

# US 60 Re-route

(Baseline to Florence Junction)

Federal Highway  
Administration

## Public Scoping Meeting

Wednesday, April 18, 2007

## Engineering Elements (not Comprehensive)

- Design guidelines
- Corridor parameters
- Traffic estimates
- Drainage
- Utilities
- Bridge types
- Construction cost estimate
- Right-of-way needs
- Implementation plan

**Product:** Location/Design Concept Report

## Working Study Area

## Environmental Study Considerations (not Comprehensive)

- Water and air quality
- Noise impacts
- Cultural/historic resources
- Land use/socioeconomics
- Title VI/Environmental Justice
- Biological resources
- Hazardous materials
- Visual quality

**Product:** Environmental Document

## Why is an environmental process needed?

- Ensure compliance with environmental laws and regulations
- Provide a description of environmental conditions
- Identify, minimize and mitigate environmental impacts
- Document the study process
- Inform and involve the public
- Provide information to decision makers

## Ways to provide input

- Talk with a study team member tonight
- Write comments on a flip chart or mark plans
- Submit a comment form  
(Put in comment box tonight)

## Send written comments to:

**May 18, 2007 to Marsha Miller**  
Mail: 4545 E. Shea Blvd., Suite 108  
Phoenix, AZ 85028  
Fax: 602.368.9645  
E-mail: marsha@kdacreative.com

## Schedule

Data gathering  Underway

Anticipated completion of environmental and engineering studies  18 Months

Anticipated completion of preliminary design  To be determined

## Next steps in the technical process

Design and Construction  Not yet funded
